*Under bust + 12cm / 5"

Please note:

Bra-Tops:

Are sized by the under-bust elastic size. This is your underbust measurement **PLUS 12cm or 5 inches**.

If your cup size is particularly large but your underbust is not, we suggest one under-bust size larger maximum, as the elastic must not be too loose.

The **Aurora bra** is suitable for bigger boobs B-D cups.

The **Saturn** is more suitable for A-C cups.

WOMEN'S T-Shirts:

are in fact **ONE SIZE SMALLER** than on this size chart, please choose one size bigger than you would when selecting to buy.
